

I'm not robot!

Healthy diet choices. Are healthy choices good for you.

So today i am going to write and cover all of the topics and errors which you guys face while using Choices MOD APK. Since you are using Choices Stories You Play MOD APK since long time and you are addicted to this game and its MOD Features Like Free Premium Choices, Premium Outfits and VIP Account for Free. You might be facing some issues and errors so we will be talking about why this happened and how to fix these issues. Basic Information about Choices Stories You Play:- Its a Text based story game where you choices matters. You will be playing as some characters and following their stories. What you have to do here is take decisions of that particular character and it determines the outcome of a story which you are reading. Choices Stories You Play is a most downloaded text based story game available on the play store. Easily Safe Guard your Choices MOD Save Using Facebook:- Since you are using MODDED APK so you will have no chance to connect it to google play game and save your save game but you can use Facebook for it. Here its how. First you have installed MODS APK right now you need to connect it to Facebook and i Assume you already have a Facebook App Installed and trying to connect Facebook Account with Choices you will face errors. But if you uninstall Facebook App then try login you will be succeeded in it. And your FB account will be added and your save profile is now saved. Now you can install Facebook App again and use it like normally. Note:- If you have Pre-Installed Facebook App then you can not uninstall it right. Well You can still disable Facebook App from Phone Settings>Applications>Manage APPs>Facebook>Disable App. When you are done connecting it you can simply enable your FB App again. Choices MODS and MOD Features:- Since its a freemium game so there are plenty of ways which you will need to pay using IAP but downloading Choices MODS you will have access to choose Premium Stories for Free it means unlimited Diamonds and also you will have Premium Outfits unlocked and a VIP Account with it. Some VIP Perks are server sided and this is the reason why you face such errors. Ill explain errors and fixes now. CHOICES STORIES YOU PLAY MOD Errors and Their Fixes:-1) I have an Older Version of Choices MODS now How Can I Update it? Ans:- Since you have downloaded our Choices MODS you will have to come back to this page and get the latest updated MOD APK and simply install Latest Version MOD APK over your installed Old Version of the game. (No Need to uninstall Old Version)2) I am facing Version Conflict Error in Choices Games while using MOD APK? Ans:- Choices is an online game so there are two sides to it first is game client which is installed in your phone and another one is a server which is basically stores online on choices servers. Now i assume you are using VIP APK and you want to use Unlimited Keys of Choices MODS but the problem is actually you do not have unlimited keys on server, its showing infinite keys on your game client so if you are trying to play Books but you do not have keys then you will face Version Conflict errors while playing Books in Choices. So just wait for the Keys Replenish and you will be able to play it again. I recommend you to kindly play using NON VIP MOD APK. Because NON VIP MOD Features are all related to game client and does not affect server features. Note, FAQs:- 1) How to Play VIP Books in Choices Stories you play. Answer:- You have a Choices Stories You Play VIP APK but the books strings are server sided so you can not play VIP Books for now. Maybe in future if i manage to do it ill post here. I have tried to cover all the problems and fixes so if any of your friend need some help regarding this then please share this post to your friends and ask them to read it properly. Do you like to read horror, love, or funny stories? Then Choices: Stories You Play (MOD Apk) is the only stimulation game with which you can experience it. One choice can change everything! Now enjoy all premium features like unlimited keys, free premium choices, and unlimited diamonds. Choices have the most extensive collection of romance, drama, horror, fantasy, and more stories. Now, choose your favorite characters and experience the fun of being a lover, detective, or even time traveler. Also Try: Episode Mod Apk But there is a small problem. For opening more stories, you need keys and diamonds which can purchase from the in-game store, or you can get diamonds by watching an advertisement. Keys and diamonds are required to open new episodes and characters. You can collect only five diamonds in one hour which is very time-consuming. To overcome this frustration, today, I am sharing Choices mod apk 2022, where you will get unlimited keys and diamonds. What Is Choices Mod Apk Choices Mod Apk is a modified (hacked) version of the official Choices: Stories You Play the game with which you can enjoy all premium features like free choices, unlimited money, unlimited diamonds, and many more for free. With choices mod apk, you can: Enjoy unlimited romance, drama, horror, fantasy stories Customize your main character as you want Choose to manage job, relation, friends, and family Unique stories for each character Resume any chapter First access to newly released chapter The best collection of stories according to your mood Choose your main character and starts taking decision for living his life, finding new friends, meeting with new peoples, and finding a perfect partner that he like. Or you can experience fantasy adventures to fight with evils. Also, each main character has its own story, which can only be known after experiencing that character's life. Choices Mod Apk Features As we know, Choices: stories you play (MOD) is the best storytelling game available on the play store. From a massive collection of stories to living character's life, it has some cool features. Below, I am mentioning some key features of choices modded application. If you think I missed any important feature, then you can comment down. I will surely add this too. Customizing Character This is my favorite feature of this game. When you first log in to choices apk, it will ask you to create a character as you want. You don't need to learn rocket science to customize your character. There are multiple options available like skin color, hairstyles, face shape, hairs, and many more. With the help of these options, you can create any character as you want. Use your imagination and build an awesome character that suits your storytelling journey. Various Adventures With choices mod apk v2.9.5, you can now experience adventures like love, fantasy, and horror. Just choose the right story that suits your mood, and you are ready to go. Make a smart decision so that you can be ready to manage the character's life, job, and couple partner too. You can be a detective to solve a mystery or be a lover to fall in love. This game is filled with full of adventures and thrillers. Unlimited Stories Collection Choices mod has an unlimited collection of stories categorized by horror, romance, mysteries, drama, and many more. Also, you can browse any episode or chapter by series. The best thing I like about choices mod apk is that you can choose any story and watch it chapter-by-chapter. Categories by sorting make it easy to use and understand for new people too. Ad-free As you know, Choices: Stories You Play is a paid game that means you need to buy a premium membership to remove the advertisement from this game. But, by using modded stories you play apk, you can enjoy it for free without worrying about ads and other pop-ups. Official choices app has popup, in-display ads that appear whenever you open any chapter or story. Which spoils the mood, and eventually, we don't want to read it further. By using Choices mod apk, you will experience a better user experience and can enjoy the full story without any distraction. Unlimited Keys and Diamonds This is the most important feature of this mod apk. Keys and Diamonds are very important if you want to unlock any chapter or story. But they are paid, and if we want to get it for free, then there is a limit of 5 diamonds per 24 hours. So in this mod, you get unlimited keys and diamonds which you can use without worrying about anything. Now enjoy your favorite adventure story without paying for it. Some More Features Well, below, I am mentioning some more features that you would love. Best Storytelling Game Control immersive visual stories Limit in-app purchases by PIN Feel the emotions of the characters Easy to Sign up Collection of stories from all different genres Easy to save progress Current Stories Of Choices Mod Apk Below are the top 3 stories that you get after installing the game. All of these stories very basic, but you get an idea of how to properly play and enjoy this game. THE FRESHMAN: This story plays all around Hartford University. In this story, you have to make new friends, meets new people, and fall in love with your schoolmates. You get bookish James, party girl Kaitlyn, football hero Chris and you have to date them all at once. Will you do it? THE CROWN & THE FLAME: This is an adventure story in which enemies stole your kingdom. But now, the time has changed, and you got a chance to build your own army to defeat enemies and get your kingdom back. It's your choice that will change everything. PERFECT MATCH: In Perfect Match, you have to sign-up for Eros Incorporated's high-tech matchmaking service to find your perfect partner. Later you can fall in love with your partner. Blood Bound: You have been selected for an interview at Raines Corporation as an executive assistant of CEO Adrian Raines. But there is more about him than it seems in reality. There is a huge collection of other stories that you can find in the library section. How To Download And Install Choices Mod Apk Below I am sharing the easiest method from where you can easily download choices game mod apk. I am sharing this guide from the perspective of a newbie so that anyone who has little technical knowledge can install it. Step 1: First of all, go to the Choices mod download page by clicking the 'Go To Download Page' button. Step 2: Now download the modded application by clicking the 'Download Now' button. As you click on the download button, you will redirect to the download page. Now simply click on the 'Download' button as shown in the image. Step 3: When you open downloaded choices mod game from chrome, then it will show you some warning. It is just a security warning that popup when you try to install an apk file from the browser for the first time. Simply click on 'Settings' and turn on 'Allow from these sources,' as shown in the screenshot. This is an optional step, so if you are know how to handle this, then you can skip this step. Step 4: Now install the game and open it to enjoy unlimited keys and diamonds, all features unlocked, and unlimited access to stories. Choices: Stories You Play Gameplay People Also Ask (FAQ) Below, I am taking some questions that my visitors ask to me. If you still have any doubts regarding this mod and its features, then you can comment down. I will surely answer it. Are choices apk mod is safe to use? Yes, Choices MOD is 100% safe to use. I personally checked the mod for any virus and malware, and after passing my security checks, I upload it here. You can enjoy it without worrying about android hang or something similar to this. Will I get unlimited keys in choices cracked apk? Yes, everything is unlimited, with all the costumes and customization unlocked. As we know, keys play an important role in opening any new stories. Hence we are giving you unlimited keys and diamonds in this mod. Which version is this? This Choices mod version is v2.9.5, the same as the play store's latest version. How can I save my current progress? You can save your current game progress by connecting it to Facebook. Note: To login with Facebook, uninstall the official Facebook application, and then click on 'Sign IN with Facebook' and log in using Email ID and Pass. Do I need to complete any human verification survey to use this mod? No, you don't need it. All mods and hacks I share here are directly available to download and it does not require any human verification. Why Choices mod unlimited keys not working? Choices: Stories You Play is a server-based online game which means we have to change key values from the server-side. As everyone knows, it's too difficult to access the server database of any game. Still, you get Unlimited diamonds in the current mod version. I am working on new choices mod where you will definitely get unlimited keys. You can join our telegram channel for more updates regarding it. Wrapping It up So today, I share the latest version of Choices: Stories You Play mod apk.
